A MESSAGE FROM

RISING UP ANGRY

TO THE BROTHERS

AND SISTERS

ON

WHO WE ARE

When we came together and started our organization and our paper, we chose RISING UP ANGRY as our name because it laid out - in three words - what's happening to young people in (hard, straight on, low down dirty) Chicago and America. 'There's a new sun, rising up angry in the sky.' It's what's happening: people get messed over, they get mad; then, as their heads get clear on who's creating the problems, they begin to Rise Up Angry. The people of America and the World are RISING UP ANGRY. No more bullshit! We're like the rising sun, just beginning something new, the day is ours; the future is ours to build.

People old in their ideas and old in their ways, are worried about us, the young. Well we ain't worried. To be worried about us is like being worried about sunshine! We're not worried because we've got the energy and we're moving fast, about changing things, making them better, making them more human and real. We're making America and the World into a People Thing.

A people thing! That's why Nixon, Agnew, Daley and Hanrahan, all the pigs, are so frantic now in their different ways. They're afraid of a people's thing. They're afraid of the people, afraid of us. We're the people; we're everywhere; we're greasers and freaks, whites, blacks, latins, orientals and indians. We're on the streets, in the parks, busting out of schools, jobs, the service and jails. Yeah, we're busting out all over. Sometimes those who lead us get killed (like many Panthers and Young Lords) but it obviously doesn't stop the people, because the rougher it gets, the stronger we get.

All those potential brothers and sisters, not yet hip to the revolution, who don't have a vision of a new man and a new woman and a new world, are beginning to deal with the problems. They can do it with a little help from brothers and sisters in the revolution, showing them the way, everywhere we go. And we go everywhere, because we are everywhere. We're on the southeast and southwest sides, the west side, the north and northwest sides. We're all across Chicago, all across America and the World. We rap, ask questions, make mistakes, learn, and tell it like it is! We take care of business, in large groups or just twos and threes.

They can try and control us with their hired guns, their hired pigs, and they can even try by coming on nice, by saying, 'these kids have lots to say', 'it's o.k. to protest, as long as it's non-violent', but we know where that's coming from. And we ain't taking their bullshit excuses. We're going to run our own show.

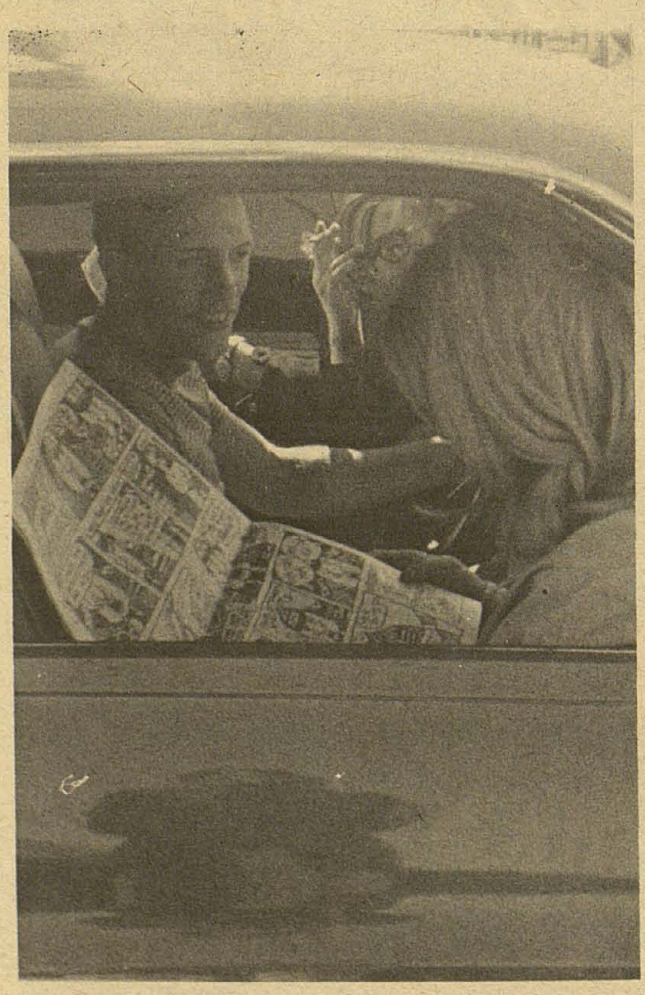
While they keep up war on the people here at home and abroad, they lie about us giving the V sign when the brothers and sisters are really giving the people's fist. We are disgusted by their treatment of us. They kill our brothers and sisters at Kent, then tell us to be non-violent. They frame Bobby Seale, plan on burning him, and then beg us to try to free him non-violently. But we will avenge Kent, and Free Bobby by whatever means it takes. Yes, we're the ones for peace, and we're going to make peace. But we know that not all peace is the same. We reject their peace of the grave, whether it's mental or physical, because it's a drag. And we reject their peace of submission, of giving up our struggle for a worldwide people thing. The Vietnamese and Cambodians and black, brown, white, yellow and red brothers and sisters here don't want so-called 'freedom' on the pigs terms. We say to them: 'You can beat us, jail us, even kill us, but we will never accept the peace of submission. You thought you conquered the Indians, but they seized Alcatraz, proving that the peace of submission is never final. You pigs will never conquer any of us.' No, they will never conquer any of us because the only peace we will have, the only real peace, is the PEACE OF REVOLUTION. It means that we the people will take control of our lives. We will build socialism - togetherness and the concern for the many rather than their concern for the few. We say: 'From now on pigs, WE THE PEOPLE say who are we, what are we going to do, what are we going to build together for each other.'

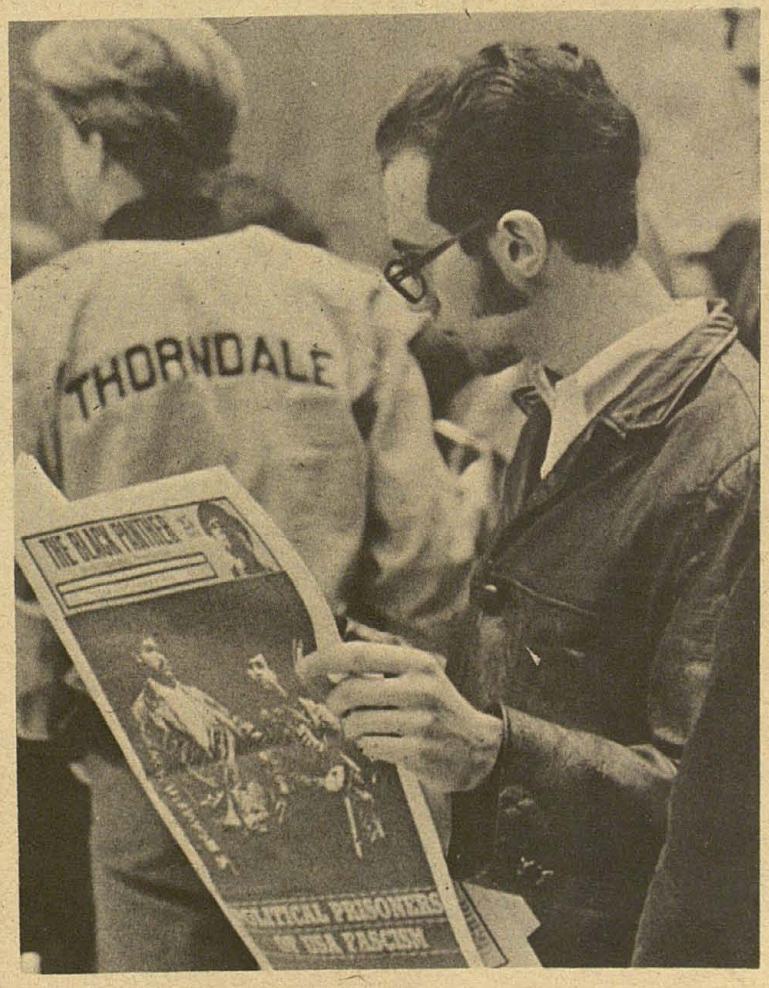
Pig rulers of America, you hate the people. You hate yourselves. You are so insecure, so inadequate and so afraid that you perpetrate your hate on us, pushing it into our guts, trying to mess up the love in our hearts. And we say - fuck you! You chumps! We love America; we love the world. YOU hate America; you only love the people who rule it. You're so insecure about your life that you can only love those things that control and run you. Chumps!

We want the peace of revolution. Right on! The revolution is a spirit growing among the people; it runs through our whole lives. We dig ourselves, we dig each other; we build together to become strong and tough, mentally and physically; we're becoming one! The brothers and sisters of Chicago and America are the allies of the revolutionaries of the world. And they are our allies. Together we are building the people's liberation army. Together we will make the revolution; together we will build a new man and a new woman. Look out pig. Move on over. Look out for us. We are the sunshine, being born, giving life. We are the people, Rising Up Angry.

ALL POWER TO THE PEOPLE!!!

GET IT ON!!!





FREE BOBBY SEALE !

OFF THE PIG !

BOBBY SEALE .....CHAIRMAN OF THE BLACK PANTHER PARTY

Bobby Seale--the Chairman of the Black Panther Party--is on trial for his life. The pigs who run America would like to see him dead. And they can use their courts to do it. That way they think that they won't be as bald-faced as they were when they murdered Panthers Fred Hampton and Mark Clark in the middle of the night last December 4 in Chicago.

Why are the pigs so afraid of the Black Panthers and Bobby Seale? It's because Bobby and the Panthers are teaching the Black people of America (and a lot of Whites too) what America is really about. They understand that the pigs who run it, run it with guns. They understand that they use these guns to keep people down. To keep people silent and to keep people from taking what is really theirs. All the people deserve decent housing, clothing and food. But in America--and all over the world--only some of the people get it. And even if you get those basic things there are still people living a whole lot better than you--because they're the ones who run it. (And they're not doing any more work for what they got.)

So when Bobby Seale thinks up a Free Breakfast for Children Program and the Black Panthers start to feed thousands of hungry black kids all aound the country, and the Panthers set up Free Health Clinics for poor black people--the pigs who run it get pretty uptight. The people want to know why the Panthers can do what the government can't. So when Bobby Seale and the Panthers tell them it's because, "The Black Panther Party is the people's party and we are primarily interested in freeing man;" And when Bobby Seale and the Panthers tell them that if the pigs are going to run it with guns --the people are going to have to take the things they need with guns--the people start to dig on it.

And the pigs up top get more and more scared. What's the first thing they're going to try to do? Wipe out the Black Panther Party. Many Panthers have already been shot and killed. Huey Newton is in jail for 15 years. Eldridge Cleaver had to leave the country. And now they're trying to put Bobby Seale in the electric chair.

We can't let the pigs get away with this one. Bobby Seale is a revolutionary. He stands for the kind of change that will bring power back to the people. It is not the people who are trying Bobby--It's the pigs. We're the people. That's why we've got to stand and fight for Bobby. He's been standing and fighting for us. It's important for people on the block to dig on that. It might also be hard. A lot of us have never even thought about getting together around a leader who is black, But--dig: We say fight the real enemy--Right? And anybody else fighting that enemy must be our friend. So the Panthers--and Bobby Seale especially--are friends because they are leading the fight.

That means that sometimes we have to look past some of the hassles we have with black kids in school. Some black kids see all whites as the enemy. But if whites like us start fighting the real enemy-cops, teachers, bosses and all those other pigs--those blacks are gonna lay back and dig on it. (Ask any guy who's been in a GI stockade: when the guys inside rip the place apart--don't make no difference what color you are.) Then we can get it together with our friends and start to move on the pig.

So if you dig on the Revolution--like Grease all over the city--get hip to Bobby Seale. When they say FREE BOBBY!--they're talking about one of our people. They can't kill Bobby. We won't let them. If they can shut down all those schools when 4 white kids got killed at that college in Ohio--we can shut the city down for Bobby. He's coming to another trial (about the Democratic Convention) in Chicago on June 8th. That's the time to strike and shut it down. No work. No school. Get it together brothers and sisters.

FROM APPLE PIE TO TITS AND TAILS

Miss America is an advertising invention called the all American girl next door - the apple pie version of the super consumer machine. She is well dressed (a new dress for every minute of the day), wi\ hair by Toni, eyes by Maybelline, lips by Revlon, scent by Arpege, finger nails by Max Factor, personality by Blind Innocence and Male Dominance and morals by Puritan. She is used to sell American products to women all over the world. She's here to tell you that you, too, can 'buy' happiness.

And then along came Hugh Hefner. An insecure, shy, dull little man who needs to be able to buy things in order to give his life meaning. In order to get the money to satisfy his shakey ego, he decided to liberate Miss America (the girl next door) by undressing her and sticking her picture in the middle of a magazine of ads. He has her tell a touching little story about her life with several spicy photographs to prove she has an everyday existence, and then says, *'Men - Dig It! You too can have a little Bunny. All you have to have is enough bread to buy everything from page I to II3. And to keep your Bunny, all you have to do is buy everything from page I23 thru the back cover.'*

LIBERATION WILL NOT COME OUT OF THE EARS OF A BUNNY!!

A century of women have been fighting for liberation from male oppression all over the world. Women fighting long hard battles for the vote, for equal pay for equal jobs, to be freed from the slave-like existence of a housewife, and to have their voices heard when they spoke out against all the social injustices that exist under capitalism! The fight for sexual liberation is one of the most difficult and serious battles facing both men and women, and the women's liberation movement has been working toward solutions to these problems.

Hefner, like the other pigs who run this country, has discovered how to use women - and even their struggle for liberation - as a way to make a fat profit. His solutions are all profit motivated. I2 million men a month read his bullshit perversion of sexual liberation: *Equal pay for equal jobs - if you fuck your boss (which is the unwritten rule on the 4th, 5th and 6th floors of the Playboy Building). You don't have to be a dull drudge housewife serving your husband and family - be a half undressed playboy bunny and serve other womens' husbands while they make dirty jokes about you and grab at your 'cute' tail.*

Hefner has been so successful at exploiting women, that he has used them to build an empire. The plastic playboy empire consists of the magazine, nightclubs, international resorts, a modeling agency and a TV show - all stacked with unreal men who dig 'the good life' - fast cars, exotic foods, fine liquor, with unspeaking and unthinking re-touched picture perfect playgirls in the background. The only real thing about the scene is that the king of the empire (Hefner) is raking in 25 million dollars profit off the sexploitation of women.

WE'VE GOT YOU BY THE TAIL - HEF!!

Shelly was a secretary at Playboy magazine. The hours were good, the pay was pretty good, the work was easy, it was close to home - it was a job. Shelly had a friend who was working for women's liberation and she was digging what her friend had to say. Even playboy had hired a woman to do an article on the women's liberation movement. One day Shelly was going thru the files and she came across a copy of a memo from Hefner to his second man in command. *The memo said there had obviously been a grave misunderstanding because the article on women's liberation was too well balanced, fair and objective. He thought that he had made it clear that he wanted a devistating attack on those women's liberation chicks who are the natural enemies of Playboy.* Shelly freaked and protested to all who would listen - but nothing was done. When Hefner decided a really hip thing to do would be to give a benefit party in support of the anti-war movement, Shelly joined her sisters in struggle outside the 'mansion' to protest against Playboy using women for fun and profit. Shelly is against the war - but you don't join a pig to fight a pig - and she wanted to make that clear to the people attending the party. Her picture was in the paper the next day and Hef became quite up-tight! The women's liberation article had been taken over by a man and re-written according to Hefners directive. Shelly couldn't get any satisfaction so she decided to make copies of the memo and give them to a friend who would help her get the word out. Hef found out - freaked - and Shelly doesn't work there anymore. But the word did get out - press coverage and all. And now a lot of people are 'Hip to Hef' and into offing that pig!

POWER TO THE SISTERS WHO PUT THE MALE–CHAUVINIST PIGS UP AGAINST THE WALL!!!

STONE GREASE GRAPEVINE

PAULINA AND BARRY

Po-lice attacks have been on the rise around here, since the brothers and sisters have gotten hip to the Revolution. A few weeks ago, the facist gestapo agents broke into a brother's house at 1:00 a.m. without a warrant. They kidnapped him and charged him with possession of hashish.

On May 26, three brothers from the community will go to trial in North Boy Kangaroo Court. The purpose of this trial is an attempt to destroy the revolution in the neighborhood. Their only crimes are attempting to drive the fascist vulture businessmen and their pig allies from the community.

We have claimed a victory in our boycott against Belmont Bowl, as the management has been changed and the vicious dogs have been removed. However, a boycott is in full effect against Beetle Bombs Restaurant: As Huey P. Newton said, "The Oppresser must be harassed until his doom, he must have no peace by day or night."

AUSTIN HIGH SCHOOL

Austin High used to be a school where there were heavy race fights, but now blacks, latins and whites are getting it together. Black and white students called a strike on May 8th. Our demands: 1) Cops out of the schools (there are 22 on payroll in this school); 2) A fair hearing for students before being suspended; 3) Stop harrassment--we shouldn't have to show our I.D. cards all the time. Like in the hall, and lunchroom (if you forget your I.D. card at home you can't get in); 4) Get rid of racist teachers and let a revolutionary teacher like Henry Balzer stay (they want to transfer him at the end of the year); 5) We want an uncensored paper and our old editor (who was fired) returned.

THE STRIKE There are 3000 kids at Austin and 2800 stayed out. Blacks, latins, whites picketed across the street. With threats of being punished for 2 cuts with tests being given and getting kicked off of athletic teams, Monday we stayed out and had a meeting of 1000 in a nearby church.

We won our demands! 1)reduction of police to 8, 2) no penalties, 3) no censorship of press, 4) reinstated editor-in-chief. But the pigs are still in. (20 of them). Penalties still exist. So we may strike again next week.

BOWEN HIGH SCHOOL

This months mass action at Bowen took place on May 9th. The students organized an assembly and sister Roz spoke out on the events that had been happening in the last month that the students should be aware of: the war in Cambodia, the kidnapping of Bobby Seale, the 7 Panthers who Hitler Hanrahan had to set free, the deaths of the 4 Kent students, and Nixon's bullshit about de-escalating in Vietnam.

After she finished her rap, she freaked everybody out by walking out. The school administration and the pigs really freaked when 600 students followed her. Fire alarms were pulled so that other students could split who didn't get the word earlier. Many of them went down to the University of Chicago where they met up with people from Kenwood and South Shore High Schools, and participated in demonstrations there.

CONSERVATIVE VICE LORDS

Fred Gore, a leader of the Conservative Vice Lords, a former gang turned political, was recently found guilty of murder. The way Gore was convicted is the way many of us young people are convicted in these fascist courts. The state's attorney had 3 witnesses against Gore—who all admitted that they told the pigs a different story than the one they told in court. One of the witnesses, Clarence Conn, demonstrated 3 times how he said Gore shot the other dude. All 3 times he used his right hand—it's interesting that Gore is left handed! Despite the bullshit evidence against him brother Gore was convicted—probably because he was a young black brother, not what he did or didn't do.

QUEEN OF PEACE — ROUND 2

Some of the sisters in Angry (at the request of our sisters at Queen of Peace) came back for a second round of the sisters vs. the nuns. But as usual the nuns were uptight and wouldn't let us in. The head nun proceeded to tell us that we couldn't come in cause our paper rapped about standing up for what we believe in and fighting for it if we have to. Apparently that's an evil, illegal thing cause she said she would call the cops if we didn't leave so after we stuffed papers into the cafeteria windows, we split. Later we found out that the nuns took the paper away and some girls were threatened with expulsion if caught with it again. This just goes along with all their other bullshit rules - like detention for having hickeys or wearing colored bras and paying a penny for paper cups in the lunchroom. But who knows what will happen in the 3rd round of the sisters vs. the nuns. Right On!!

KELLY HIGH SCHOOL

We recently found out that in the early 1940's students marched out and went on strike against restrictions against slacks, make-up and sweaters. The protest was covered by all the city papers, but was unsuccessful. All the people who were involved had STRIKE stamped on their records. We have grown stronger since then from the struggle that goes on.....

RIDGEWAY FAITH

The brothers and sisters from the Ridgeway Faith hang at Monticello and Wrightwood. There's a rookie pig who comes around, yelling and screaming about how many complaints he's getting about us. He keeps making us split. This rookie is a liar; no one complains because no one is around. Just businesses, closed down for the night. The same scene, getting hassled and forced to leave our hanging place, happens when we go over to Ridgeway and Fullerton. The pigs try and break up the group, try and force people to be alone. But the more they hassle us, the hipper we get, and the stronger we become.

CHICAGO HEIGHTS

On Friday, May 15th, the brothers and sisters from the 'Student Movement' at Bloom Township H.S. in the south suburbs, had a rally against the war and for the revolution in Woodrow Wilson Park in Chicago Heights. Three brothers and sisters from Angry came down and spoke. Other people who rapped were Shelly, a Bloom teacher, a brother from the Chicago 15, a brother from Concerned Citizen's Survival Front, and sisters and brothers from Bloom. The pigs were very up-tight, as this was the first revolutionary scene to happen down there. They were all over the place, taking pictures, trying to intimidate everyone. They hassled the brothers and sisters from Angry and tried to search their car, but backed off when Angry stood up to them. Everybody learned a lot from the raps. We're setting up an organization down here, and we're working on getting a place where brothers and sisters, grease, freaks, latins and blacks can get together.

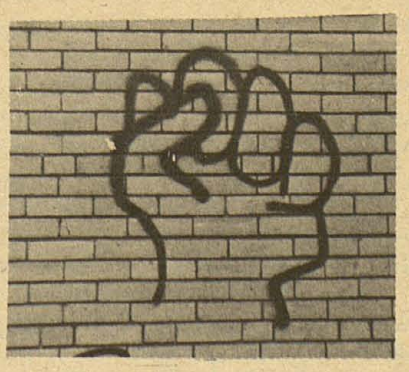
A single spark can start a south suburbs fire....Power.

MONUMENT PARK

As the whether gets warmer, more people are coming out on the streets into the park. That means that the pigs are coming around more often now. Whenever people get together pigs of one color or another get up tight. When we're around the stores, there's a business man (not from one of the stores we go to) who calls the pigs. Or some old lady that gets uptight will call them.

A short while ago, a pig told some of the brothers to get off the street and out of the park. He told them to, "Have a party or go find a broad and fuck her. But stay off the street."

If anyone's gonna get fucked up it's gonna be the pigs. Let's send the pigs back to the farm.



BROTHERS AND SISTERS, SEE IF YOU CAN COPY THIS FIST ON YOUR FAVORITE WALL.

SLICK POWER TO THE

School's almost out. People will be in the neighborhoods and working jobs. Spread the word. Call Angry, 472-1791 and we'll get papers to you so that they get around the neighborhoods, factories, offices, etc. Dig it, the goal is 50,000 papers moving through this straighton city by next month. Its up to all the brothers and sisters to make it happen, so do it. Give us a call.

PIG HARRASMENT ON WHITE PANTHERS

On the night of May 19th, in the alley behind the White Panther Party's commune, a brother and sister were stopped and asked about the owner of the car they were driving. While the Panthers were explaining that the car was loaned to them - another brother came out to inquire about what's happening and asked the badge numbers and names of the pigs. The pigs said "This one knows the proceedures too well, take him in." The bullshit charge was disorderly conduct and the ransom was $25.

The next morning, May 20th, the same brother was busted while driving a friends car. The 3 charges were: driving on a boulevard, illegal licence plates and no registration. More bullshit! The ransom this time was $100.

Later that afternoon, the WPP commune was raided by 18th district pigs. They entered by saying they were from the telephone company and were at the front and back doors with loaded shotguns and revolvers in hand. They put everyone up against the wall, frisked them and then tore the house apart. The search warrant was for the same brother that was busted earlier. The whole scene lasted 2½ hours and no one was busted. They were questioned by the GIU and red squad pigs about their brother John Sinclair (in prison) and Pun (wanted) so it's clear the heavy harassment is coming from national pigs as well as local pigs, including the building inspector who came in during the raid and told us we had 30 days to leave because the building was condemned.

Repression has been heavy on the Black Panthers and it's getting heavier on all of us. We have to tighten the fist.

POWER TO THE PEOPLE!!!

BOYS PARENTAL

While up at the rock concert at Northeastern college this week, some of us from Angry met the brothers inside Boys Parental Home. We had never seen anything but ugly walls at the place before, and a plot of land they call a garden. So when we saw about 100 beautiful young guys hanging onto the fence that separates the Boys home from the college, we went over to see if they dug the paper. We ran into some very BAD brothers over there! Turned out that half of them were friends of ours anyway, and a lot more were buddies of guys that we knew from other places around the city--Latin Disciples, Stones, Kings, Bel Airs, and guys who know the Royals, Corp, and so on. They're really having a tough time keeping on top of everything They get Time-On for just about anything human they do--for example--smoking--one week extra. If the teacher finds "coin" in your locker, you get--one week extra. AWOL is worth three weeks extra, and who knows what else. Talking in the dormitory is against the law too.

So we rapped about what's happening around the city with different gangs and neighborhoods; the good and the bad both. The brothers rapped to us about the revolution some. After a while though a couple dicks showed up and began watching the whole scene, and a few teachers were getting a little fidgety. Finally one black teacher told the guys to move about 10 feet away from the fence. But those fool chumps don't seem to understand how together these brothers really are. They ain't getting their spirits broken, although that's what the school seems to be all about. Keep in touch brothers, and Keep the Faith.

FREE ALL POLITICAL PRISONERS!!

OAK PARK

The younger brothers in Oak Park haven't been cool lately. They've been hassling 'freaks'. The worst part about it it they've been acting like chumps and fighting seven on one. None of the older guys are with them because they know that freaks are sometimes retired greasers. The only difference between a freak and a greaser is one has slicked up hair and the others pants are only baggy at the bottom. We suggest you stop beating up on freaks because they get hassled enough by pigs incorporated. A lot of them are in the same struggle. So--if you're bored and have nothing else to do - go spray painting, sell papers or kill a pig. Power to the Brothers and Sisters who fight the real enemy!!!

REBELS' ARMITAGE AND KEDZIE

The Rebels are brothers and sisters of Armitage and Kedzie. We formed a new gang so that we can be together and have a good time. The pigs hassle us for just hanging around. We know who the real enemy is - it's the pig and not the other brothers and sisters around the neighborhood. Pretty soon we'll have our bikes on the road. We're getting our thing together and we get along with anyone else who wants the people to be together against the pigs.

We hang out at the pool hall on Armitage and Kedzie. One day when we were paying for our games, the pigs came in and busted the owner for gambling - just because there was money on the table. The pigs just wanted to harass us and the owner.

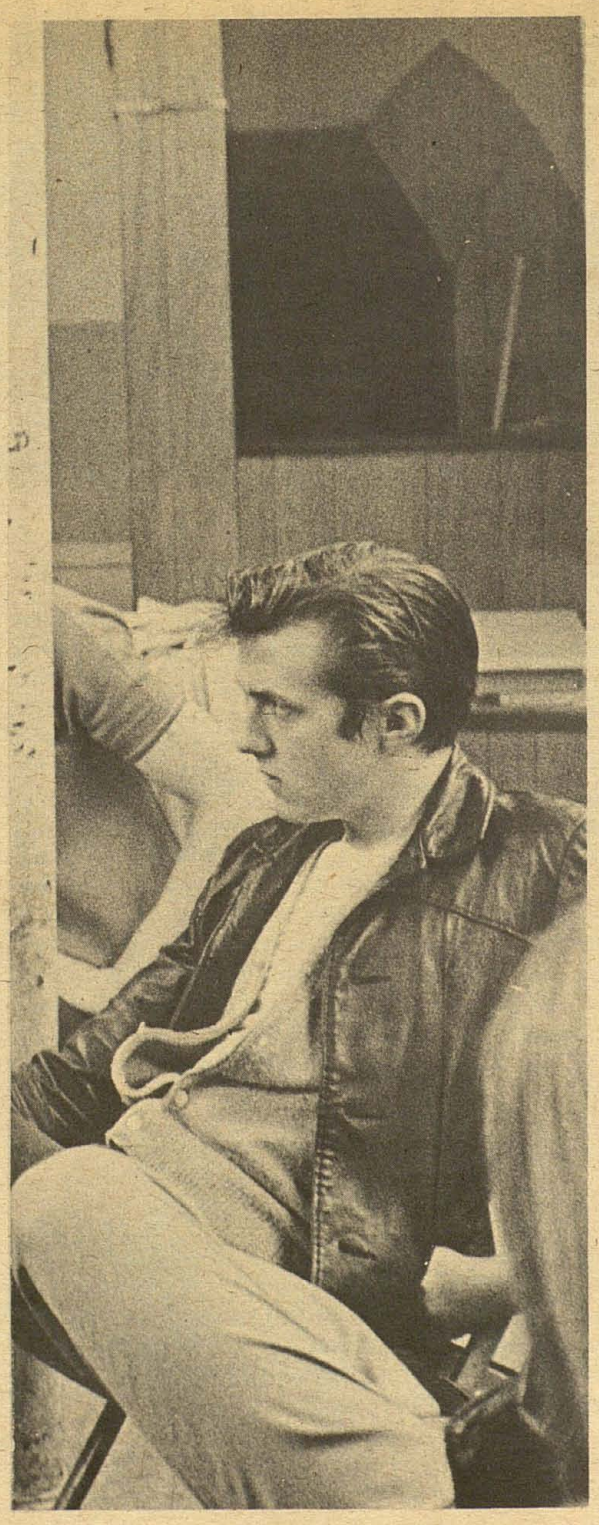
STOP THE PIG!!
SERVE THE PEOPLE!!

ALBANY AND ARMITAGE

We're forming our old gang, Simon City, once again. The brother who originally started the gang, Andy Biedron, died in Nam. Too many of our brothers have been killed in a bullshit war that we have no business being in.

Now that the summer is here and we're back on the street, we've got to get together. If you're by yourself you've got no chance. The only chance we have is to get ourselves together and survive as a group.

ALL POWER TO THE BROTHERS AND SISTERS WHO LOVE THE PEOPLE AND FIGHT THE REAL ENEMY!



AVENGE CHAIRMAN FRED: OFF THE SLIME!!!!!!!!

Chairman Hampton was murdered in his bed. The pigs killed him. Hanrahan had said there was a shoot out. Well, the federal grand jury just reported that one shot was fired by Panthers was fired by panthers (which is questionable), and 99 by pigs. Its so clear that it was a political assination against one of our leaders, that even the Democrats are trying to put their own hand picked fascist hatecheman, states attorney Hanrahan, under the carpet. Maybe they'll learn: for every one of us they kill, thousands come to our side. Avenge Fred. Off the slime. Peace thru Revolution.

' 'REVOLUTION FOR LIFE, RIGHT ON'

DIVERSEY AND KEDZIE

A lot of the brothers and sisters used to hang out at the pool hall around here, so they closed it down and now with the warm weather, the pigs are always hassling us on the corners. They even put lights in at the playground so they can always check on us like big pig brother. The coolest places in the neighborhood are Vito's Red Hot Stand on Milwaukee and Big George's on Diversey, but there's nothing to do unless you have money. We dig the paper and hope some changes are gonna come.

SOUTH WEST SIDE

Huey Bolletto is one of the biggest chump pigs down this way. He says he'll turn in his badge if he doesn't catch one of the brothers who has been writing on walls within a year. He is one of the fattest chumps you ever seen. He's usually at 79th and Honore watching over Little Flower dances. He stands there trying to catch kids smoking dope or drinking, and mainly keeping greasers out of the dances. He's fucked over alot of the brothers and sisters in the neighborhood for a long time. We say fuck you Huey Bolletto, chump pig. All Power to the People.

A LETTER

Brothers and Sisters in Chicago,

Here in Detroit, there is an area of the city where black and white working people live together. It's called University II area, and the city is trying to wipe it out with urban renewal - people removal. Of the 5,000 people in the area there are 45 homeowners. Urban renewal is affecting everybody here. Wayne State University wants the land for expansion, much the way the University of Illinois wiped out homes and people to make room for its campus in Chicago.

The city offered the people 27 housing units consisting of 1 three bedroom unit, 4 two bedroom units, and 22 single bedroom units. Obviously the offer was unsatisfactory since there are 5,000 people here. We decided to fight. In August 1969, we started People Concerned About Urban Renewal (PCAUR). Our general purpose is to block university expansion and retain our community by redeveloping it ourselves.

The Young PCAUR members recently formed a group called the Young Prides. It is open to young community people concerned about our future. We modeled it after RISING UP ANGRY. Our people have been busted for loitering, spitting on the sidewalk, and reading in Wayne's library. Every bust has made us stronger. The people will win, everywhere. Our new address is 4541 Lincoln, Detroit, Michigan. Send us more bundles of Rising Up Angry this time. Power to the People.

REVOLUTIONARY GREASE

BEWARE

RUA people move around Chicago a lot. We hear lots of different things, good and bad, true and false, about many different people, gangs, clubs, neighborhoods, parks, corners, and organizations. We meet some people who act like chumps, believing everything they hear, particularly if its what they want to hear. Well dig up; WE MUST BEWARE OF RUMORS.

There have been mumerous accounts of pigs, and people with pig mentalities, spreading rumors in one neighborhood about another neighborhood or club. Brothers and sisters must understand that the ruling class (big pigs) have always had their little pigs spread rumors among the people in order to confuse and divide the people up. to keep them fighting each other. Other times, even if they don't start the rumors, rumors happen because there are contradictions among the people, petty splits among the people. And these rumors play right into the hands of the enemy, right into the hand of the pig.

ON RUMORS: A brother from a northside gang recently told us a far out story about another gang, who is club never had trouble with. He said "I guess we'll have to fight them too." We asked him where he heard this, and he said 'pigs told us.' Well since when do we believe what enemy pigs tell us? Huh? Since when?

ON BRIBES: We must also beware of bribes. There are a number of cases coming up these days of cops, or some other variety of pig trying to bribe this or that group. Theysay we'll give you police protection, money, etc. if you fuck up this or that group. Or they say 'we'll let you off if you just rat on your buddies. Well, any so-called brother or sister, any human being, who falls for this kind of shit is a sucker, trick, lacky, chump. Remember what happened in Uptown, Chicago, back in summer of '66. The people got together to march on the 20th district pigs, protesting pig brutality in general, and the sadistic acts of pig Sam Joseph in particular. They marched, 300 strong. When they showed up at the pig pen the old Dover Boys, who had said they were going to join the march, were on the other side of the street with signs saying 'We Love Cops.' Yeah, the same cops that had busted them over and over and over. Well it turns out that the pigs had said they could drag out at Montrose Wilson Beach if they went against the people in this way. Dig up on what happened: these chumps went to drag the next weekend, and they all got busted. SUCKERS AND CHUMPS; LIKE ANYONE WHO BELIEVES OR FALLS FOR PIGS LIES; RUMORS OR BRIBES.

HYDE PARK

Among other things, the Hyde Park shopping center has been hassling us lately. Rent-a-pig Taylor (also known as Smokey the Bear) comes down heavy on anyone who hangs around or sells papers there. Usually there are people passing out leaflets, selling peace buttons, newspapers, etc., but as of May lst, no one 'is allowed to solicit' anything. This pig Taylor said we couldn't sell RUA there anymore because the store owners decided that's the way it should be. When we argued with this pig, he blew his cool and told us to leave or get arrested. When we didn't split, he busted us for disorderly conduct (which we beat in court because he didn't show up). This is the same pig that maced 3 girls last summer for giving him 'some sass'. Stop the pig merchants and their rent-a-pigs.
Power to the People!!

RED POWER AT CUBS PARK

A pig landlord up by Cubs park refused to fix up a building. An Indian family lived there. They held back their rent, saying they would pay when the building was repaired. He refused and had the sheriff move them out into the railroad tracks in front, by the parking lot at Cubs park. The Red Power brothers and sisters are still there, in a teepee, and others have joined them. A village is growing. Go over and stand with the people.
RED POWER!!!

HAAS PARK

Some brothers brought Rising Up Angry around. We dig it! News from here is that pigs are hasseling us, trying to drive us out of the park. One pig slapped one of our brothers around for no reason. We didn't dig that.
THE PIG IS AN ENEMY OF THE PEOPLE!

CHICAGO 15

The Chicago 15 are right on brothers and sisters who are accused of burning the files of a Southside draftboard. Many are priests and ministers. The act of destruction was right on. It fucked up the war machine, it was an act of political sabotage, and itis forcing other priests, ministers and nuns to stop talking about being for the people when a lot of them aren't, as proved by many actions of the churches. They'd better act on the side of the people instead of the side of the pig. Like Priest Camillio Torres said: 'Every christian who is not a revolutionary, or is not on the side of the revolutionaries, lives in mortal sin.'(Father Torres was a guerrila murdered by South American pigs.) At a rally downtown at the Federal Building, where the Chicago 15 are on trial, brother Pat of Angry spoke. He made it clear that RUA, and all revolutionary brothers and sisters stand with the Chicago 15. We're for more of the same. EVERYBODY'S DOING IT,DOING IT, DOING IT.

ANGRY ON THE MOVE

STRIKE AGAINST THE WAR

Rising Up Angry brother Mike James spoke at the rally in Grant Park on Saturday, May 9th. It was Chicago's largest crowd (around 50,000 people) calling for a strike against the war. As usual, at such affairs, the liberals controlled it, boring the crowd with bullshit, and saving the revolutionary speakers, like the Young Lords, Rising Up Angry and the Black Panther Party til the end, when the crowd had dwindled to about half.

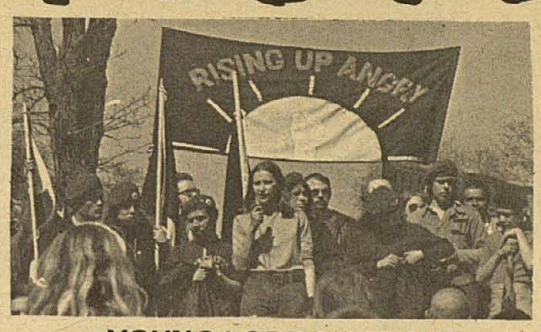
Here are some of Mike's remarks to the crowd.

"Some of us here don't understand how complex this whole thing is, this killing of the students at Kent and the move into Cambodia. Some of us keep it narrow, just to those two things. Well, if we want to end the war, we had better side with the people who started this strike, the Vietnamese people - who said 'no' to American business. NO - we don't want your pig kind of 'freedom'. And we'd better stand with the first people who struck against the ruling class here at home. That's black people, led by the Black Panther Party, who've been leading all of us by their actions. We can't get to Cambodia without going through Chicago and America first.

Where were we when the pigs murdered black students in Orangeburg, S.C., the same way the pigs killed the students at Kent? And where were we when chairman Fred was killed in his bed? Link the issues up, brothers and sisters. We're in it together and we'd better make sure that Bobby Seale and Lance Bell don't burn. We'd better be about freeing all political prisoners. Beware of those who say, 'well Bobby Seale is important, but, right now the issue is getting out of Cambodia. BULLSHIT. The issue is Capitalism and Imperialism in all its manifestations - and that includes the pig right here today....."

FREE BOBBY SEALE RALLY

On April 23rd there was a rally at the Federal Bldg. to demand that Bobby Seale, Chairman of the Black Panther Party, be set free. The government wants to get rid of Bobby like they got rid of Fred Hampton, because the Black Panther Party loves and serves the people and that threatens pig America!



YOUNG LORDS MARCH

At a rally held to honor Young Lord Manuel Ramos, murdered by a pig last year, Angry brothers and sisters were there. Brother Bob and sister Arlene both spoke to the people. This was just after two brothers had been busted on the march from Humbolt Park to Lincoln Park. They had been at the end of the march, which was going slow, and a GIU pig ran Angry brother Billy B over, knocking him to the ground. Billy B got up and began walking again, got knocked down again, and then got beat on by GIU pigs! Brothers and sisters came to the rescue, but the GIU pigs quickly grabbed Bill and a brother from the White Panthers and took them to the slam. These are the same GIU pigs who go around to some neighborhoods trying to get people to vamp on each other, or trying to get people to rat on their partners. A pig is a pig, especially when he pretends to be a good guy and says he hates doing it, but moves you off the corner 'cause he's just following orders. FREE **BILLY B NOW!**

ARMED FORCES DAY

May 16th was armed forces day, the day bases are supposed to be open to the public. This year brothers in the military called for radicals and revolutionaries to come visit them. The brass panicked and in most places called the phoney events off, and refused to let revolutionary brothers in the service off base. They wouldn't let anybody off base. RUA brother Bob spoke to a crowd of 10,000 at Camp Pendelton in So. Calif., sponsored by the Movement for a Democratic Military. Angry brother Jim spoke to a crowd of 1,000 at Great Lakes Navel Center. In both places, and in many more, Rising Up Angry's message to the brothers in the service is "we stand with you!" And to the brass, at Pendelton, Great Lakes, and everywhere we say "FUCK YOU" "WE DIG THE BROTHERS! TURN THE GUNS AROUND!"

That's what our brother Bill from RUA said in his speech to the brothers and sisters at the rally. Bill also said, "The pig media tries to say the Panthers are a group of killers out to get all white people. But if the people knew that the Panthers are really about meeting the needs of the people with a free breakfast program, a free medical program and fighting for a better society for all oppressed people -- instead of thousands of people here, there would be millions! And instead of them trying to burn Bobby - we'd be burning Nixon and Daley and the rest of the pigs!" RIGHT ON!!!

THE WAR

CAMBODIA

The U. S. pigs were losing badly in S. E. Asia, even the reactionary takeover the CIA had engineered in Cambodia wasn't working. Lon Nol (the guy put in by the CIA) was begging for our aid to keep his power over the Cambodian people. The U. S. needed him in that position to keep the Cambodian people from helping the Vietnamese in their fight for freedom. So on April 28, despite his promises to end the war in Vietnam- Nixon sent U. S. ground troops into Cambodia and further escalated the war.

REVOLUTIONARY GREASE AT STRIKE RALLY

KENT

Little did he know that the American People would no longer sit passively back and watch the 1970 version of Hitler make his next move.

People everywhere began getting it together to let Nixon know they didn't want anymore of their brothers (both GI's and Asians) killed. One of the heaviest protests was at Kent State Univ. in Ohio. They burned down the ROTC building, which is the center of the military machine on most campuses. Nat'l Guards were then ordered to break up all gatherings of students. But the brothers and sisters were not into giving up. The feeling was that as long as Nixon was killing and oppresing GI's and People all over the world, there was going to be some hell here too. But it ain't no secret that you can't fight guns with rocks- 4 people were killed.

ALLY

COMES HOME

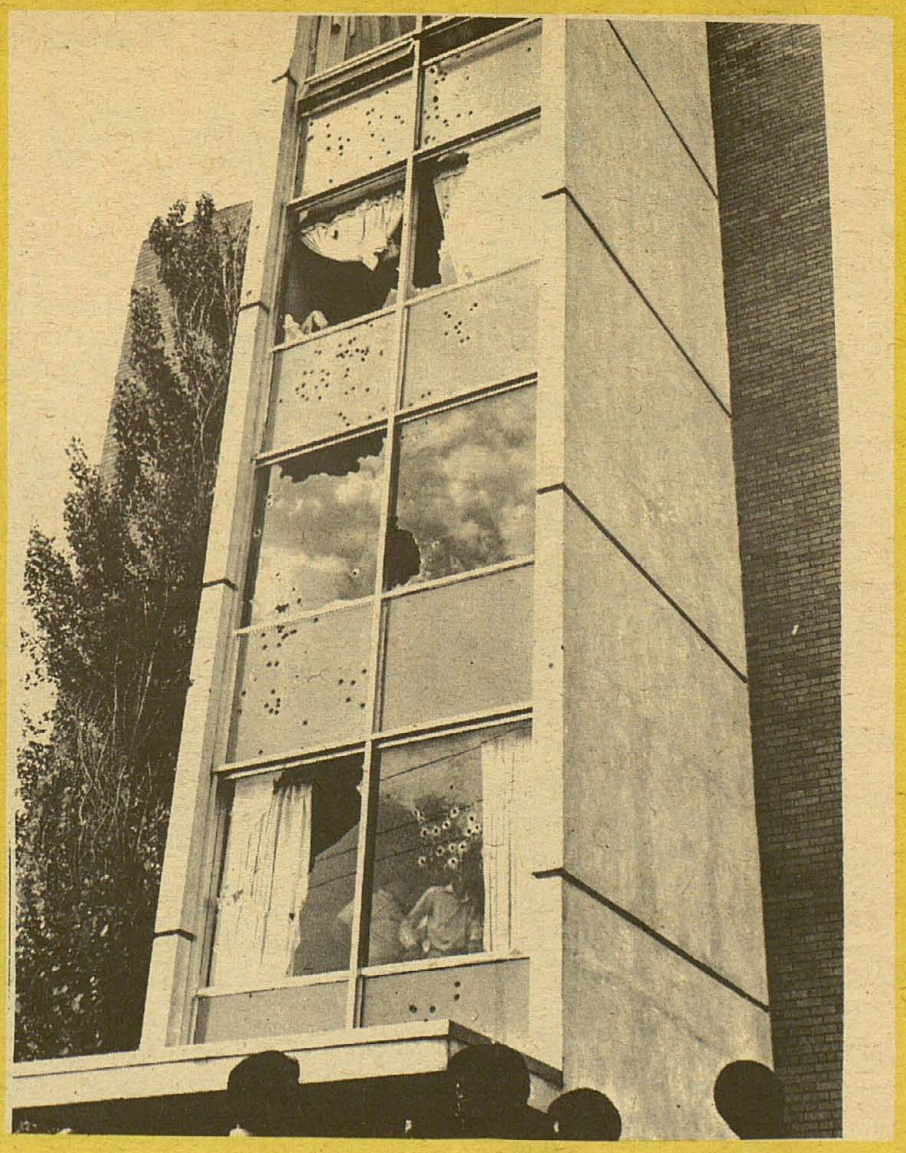
ON STRIKE

The more people thought about it, the angrier they got. The angrier they got- the more they began to fight back- sometimes at rallies, other times in the flames of ROTC buildings burning. A shock had hit the nation. People couldn't believe this was happening in America. Colleges and high schools all over the country voted to go on strike and shut their schools down because of the murders at Kent and U. S. involvment in S. E. Asia. At some places the strikes were militant like at SIU in Carbondale, the Univ. of New Mexico, and New York. Others were pretty much peaceful. The greatest thing was that people from all kinds of scenes were getting it together saying "Up against the wall, pig Nixon" Right On.

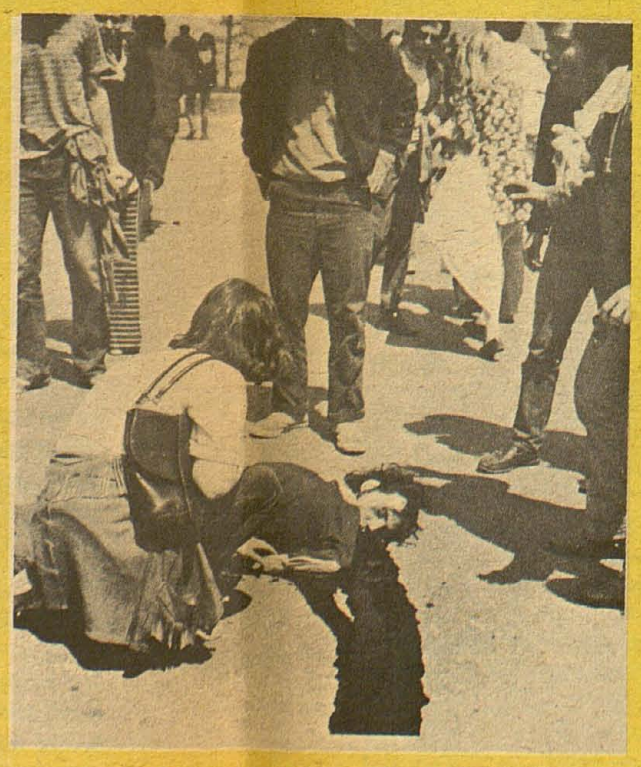
But in a way it was only a beginning. Remember last year when 14 Black students were murdered in Orangeburg, S. C., or what about the recent murders in Jackson Miss? Two Black sisters murdered in Jackson and six Blacks shot in the back in Augusta, Ga.- why didn't we close our schools then? Bobby Seale is facing the electric chair in Conn. for something that happened while he was in Calif., and the cry at the big demonstration in Chicago was "Peace Now" and not "Free Bobby Seale."

Come on brothers and sisters, lets put the pig puzzle together. The same pigs who force us to fight in S. E. Asia, who murdered the Kent students, are the same pigs who come down heaviest on Black people. So what can we do? Pretty soon we will be out of school for the summer and publicity on Cambodia will die out. But the Vietnamese won't stop fighting, the Cambodians won't and Black people here won't-will we? Last October the Vietnamese showed us what it was all about when they offered an exchange of prisoners of war which was to be a couple of U. S. colonels for Bobby Seale and Huey Newton. The Vietnamese know you can't say free Vietnam without saying free Bobby and free Huey and all Black people in America. Free ourselves too- lets dig up on the Vietnamese and support those people who have been leading the struggle here.

This means we have to do something about Bobby Seale. On June 8, he is going to trial in Chicago for conspiricy charges stemming from a speech he gave in Lincoln Park during the Democratic Convention. Let's go see about Bobby, because Bobby came to see about us. Let's shut it down again- all of it. Let's get into the streets and let those motherfuckers know we're not stopping till Bobby is set free.



SHOT - UP COLLEGE DORM IN JACKSON, MISSISSIPPI WHERE TWO BLACK KIDS WERE MURDERED BY PIGS



MURDERED BY GUARDSMEN AT KENT

It all started when eleven of us decided to head out to the Rock Festival and we sure as hell weren't into paying for it. We parked our cars down the road from the gate and went into the woods. It sounded like the music was coming from the next hill. After climing through 10 fences, over six hills, about three thousand sticker bushes and a million logs, we ended up on this hill looking down at the poynette rock concert. Out of fucking sight! All you could see were camp fires covering the hill and they ran down to the valley and finally there was this stage set up with a light show going and some band just "jammin like crazy." The music was louder on the hill than it was a mile down in the valley. it was about 1 o'clock in the morning and a full moon as big and bright as the stage hung above the whole scene. It was so beautiful it freaked me out.

IF YOU WANT IT, HERE IT IS,

Next day after moving our camp site up on the hill where you could dig the jams, we drank a little wine and went mingling with the hundred thousand people who just kept coming. For three days and nites, people wandered through the woods, all six hundred acres of them, dancing in front of the stage, laying onsleeping bags, and in tents just digging the music.

It was really dry and what with all the leaves and trees, a fire started near our camp site on the hill. The wind started blowing it and the flames were five feet in the air. We grabbed blankets, water bags, anything and started to put it out. It got bigger and looked like it could have burned the hill down but people just smothered it with their bodies. Bikers came racing up the hill carrying water. And then it was out. Five hundred people stood there and yelled, jumped around, screamed, chanted, wow, All Power to the People, Outta fucking sight, Yahhh. The people in the valley gave the people's fire fighters a cheer. What a bunch of beautiful brothers and sisters.

ANGRY WILL BE THERE!

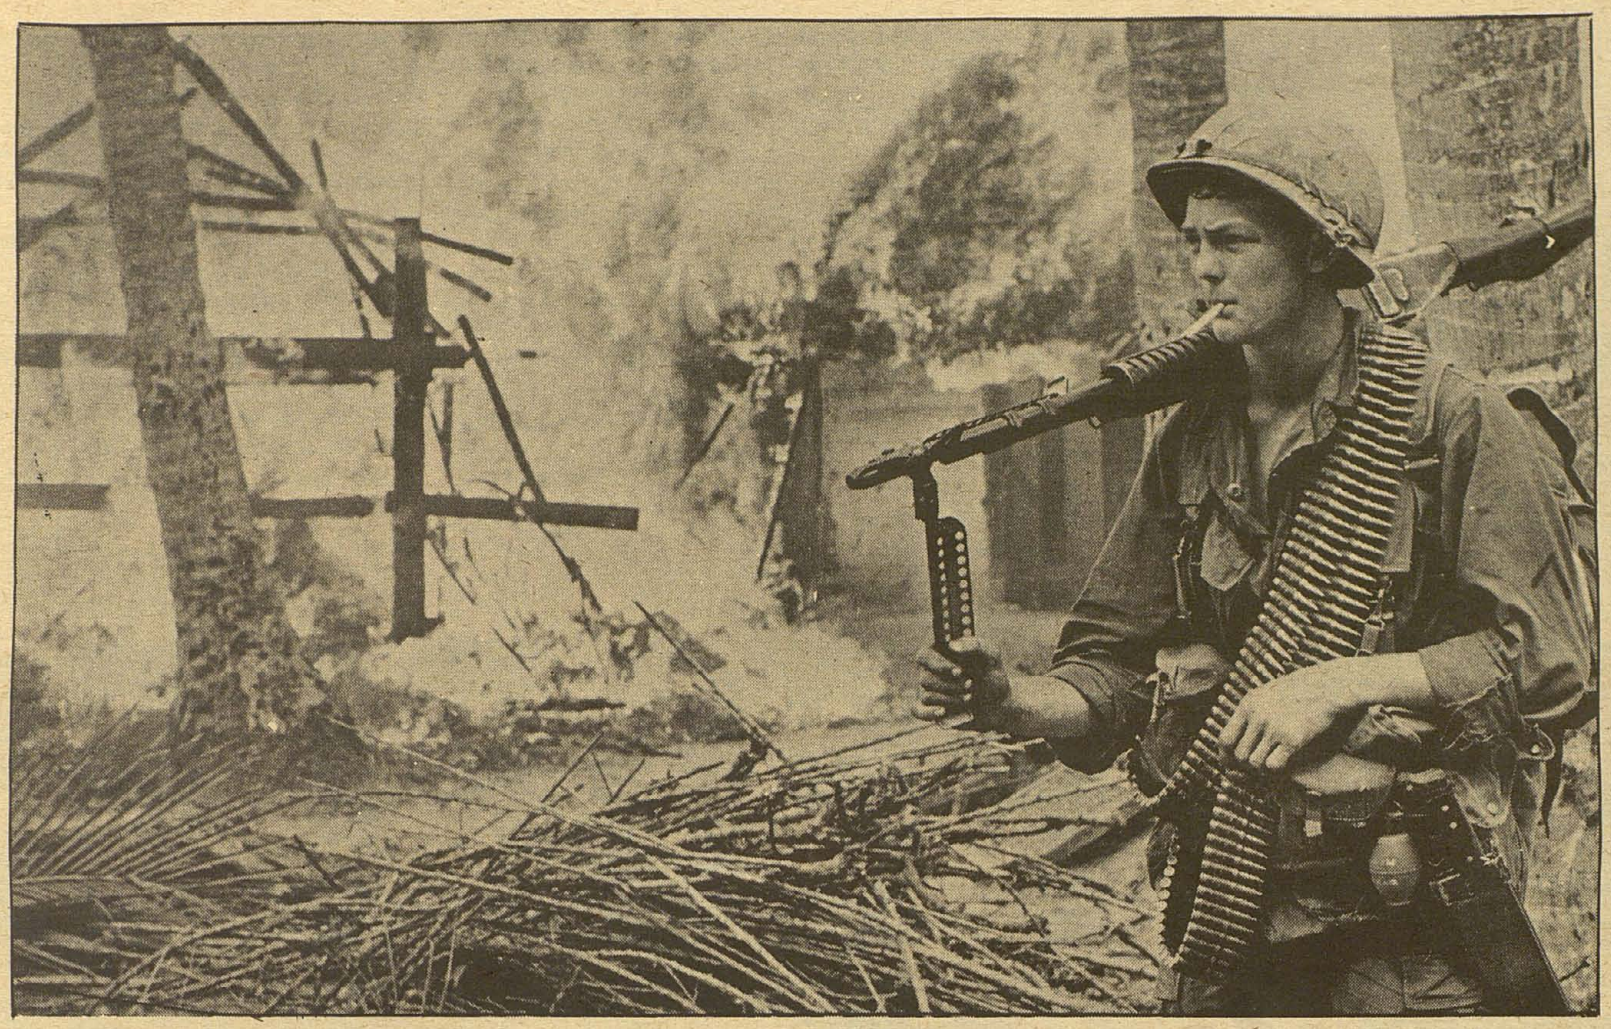
Saturday nite was windy on the hill and hot in the valley. I got back up to the camp about 10 and dropped some more. The rest of the nite, I watched the sky go in waves to the music. In the valley it sounded like the whole world was dancing and singing and yelling.

Sunday was free day. Everyone gave away everything they had. Over the mike they kept annoucing. free acid on the right side of the stage, over by the free food kitchen there are free joints. There's a man down here who will trade a gram of hash for a cold beer. Mescaline on the left of the stage for free. Blew my mind. All day we just roamed around higher and higher. dancing, singing, making love behind the stage where there was this little river. Couples all over walking back into the green rooms. Baby Huey was singing something like F da da da da U dom dom dom C... Right on!

A folk dance started up again but we had to leave before it ended. On our way out to the car people kept walking in and asking if we got by without paying. Yeah, it's free! Eventhoughthe pigs wanted $20!

This was 2:30 a.m. Monday morning. Baby Huey had just started his second set.

The only bummer was that we had to go home; home to the lousy jobs and shcools and worst of all to the pigs. Like it would be far out if this country could be a people thing like poynette--where the people run it--peoples' parks, hospitals. Free food. So let's try and live it! And that means FIGHTING FOR IT!



All of the brothers have to deal with the question of what to do about the service. One of the things that a lot of people say to us as we move around the city rapping is "We're against the pigs and for the revolution like you, but why are you so down on the service?" Or a brother might say that he knows the army will probably be a drag, but he's got to get away and get himself together. Well, we can tell you that you don't escape anything by going into the service. And we can run down a lot of bad things about the U.S. military like how American GI's are forced to keep people down in Cambodia and Vietnam when all those people want is their freedom. Or we can point out that being in the service is like being a slave. But the people that can tell you best what's coming down in the different services and why they're all a drag are the brothers and sisters who're all ready in. So, we're running some letters that we've gotten from brothers who were from Chicago and are now in the service.

If you're thinking about enlisting--read these and think again.

GI'S TELL NO LIES

A SEALED LETTER

When Army Specialist 4 Keith K. Franklin, 19, was home on furlough last winter, he handed his parents a sealed envelope and told them not to open it until after his death.

His mother, Mrs. Charles Franklin, later recalled having joked about it. "You'll be back after your two years in service," she told her son, "and will open the letter, read it then and have a good laugh about it."

Franklin, a hospital corpsman, went on to Seattle and from there to Vietnam.

Saturday, the Army notified the Franklins that their son had been killed in action the previous Tuesday.

They opened the envelope and found a letter addressed to "Dear Mom and Dad."

"The war that has taken my life, and many thousands of others before me, is immoral, unlawful and an atrocity unlike any misfit of good sense and judgment known to man....

"So, as I lie dead, please grant my last request. Help me to inform the American people - the silent majority who have not yet voiced their opinions.

"Help me let them know that their silence is permitting this atrocity to go on and that my death will not be in vain if by prompting them to act I can in some way help to bring an end to the war that brought an end to my life."

NOTICE TO GI'S AND GI WIVES:

1. We're going to start a new thing. If you nave legal questions or problems - write and ask. We have a lawyer who will try to answer them for you.
2. We don't know what's going on at your base unless you write us and let us know. If you want to spread the word on something, drop us a line.
3. Remember - free subs to GI.s. Turn your partners on to the revolution!

ANGRY,

For not saluting an officer a buddy of mine was given 2 weeks restriction, 14 hours extra duty and a suspended bust. A suspended bust is when they bust you down to the next rank if you do anything wrong for 2 weeks. He also lost a months pay.

They tell us that all Vietnamese are our enemy and keep trying to push this bullshit on us. They also try to push racism. They give the Blacks the harder jobs than the whites so the blacks will retaliate and start fights with the whites, when they really should be fighting against the pig officers and others in command.

They make us give money to the Navy Relief and other such bullshit organizations. More privileges are given to men who are married. They try to push you to get married so after you're out of the Navy you'll have to get a job and support their bullshit system. Officers can get away with hitting the service men. All they have to say is that you hit him and he just was defending himself, but if you hit him no matter what the reason is you're going to go to the Brig and may get a court martial and sent to jail.

ALL POWER TO THE PEOPLE.

This is a letter from a brother from the South West side who is now in the Navy.

FLASH

Back in issue no.5, we ran a letter from brother Flash from Fort Rucker, Alabama. The brass didn't dig it and interviewed everyone in the company - 700 guys! They said that if they found out who Flash was, they'd send him to Leavenworth for 20 years. They didn't find out who he is and they're not going to!!

On Armed Services Day - 23 bases across the country were shut down because of the anti-war demonstrations.

Dear Brothers and Sisters,

I'm a GI at Fort Hood, Texas, and I just thought that I'd let you know what's happening around here. This fort is really in a bad bag. The lifers around here are something else.

To show you how fucked up this post is, I'll tell you about this new Post regulation that we have now. Our glorious post cammander LTG B. Powell doesn't like the movement that's coming about on this post. The enlisted men are fed up with all of that lifer bullshit! --We don't want to go 7000 mile away, to fight an imperialist war;

Most of us want the U.S. to get out of Vietnam, and South East Asia all together. The chain of command has seen this, and they don't like it one bit. They're trying to put a stop to it now.

LTG B. Powell made a post regulation, making it illegal to give the "V" peace sign. If you get caught flashing the peace sign, you will be court-martialed for it.

Now that seems pretty stupid to me. I'd be proud to be court-martialed for giving a peace sign, and a lot of other people feel the same way. I don't know what grade school our post commander flunked out of, but senseless laws like these help to turn the people away from the army and the establishment as it stands now. The army really fucked up this time.

We've got a pretty good movement growing down here. It's getting stronger all the time. By summer we should really have things going. We're planning rallies and marches for the future. We're really getting it together down here.

I'd really appreciate any help or information that you could give me, to really get things together in "our movement." We're still going, but strong! But we could use some support. Any literature or any suggestions that you might have, would prove to be more than helpful.

Thank you and RIGHT ON!

This is a letter from a brother from Cicero who is now stationed at Ft. Hood, Texas.

Many of our people fight each other. Whites fight whites, whites fight blacks, and whites and latins fight. The big pigs who run America and the world, and all their wimpy agents laugh. Its what they want; they create conditions that cause it. The rulers have us so brainwashed, have us thinking only about the small group and not the whole, that they keep us temporarily divided and temporarily conquered.

Gangs and groups, of different colors and backgrounds, fight each other for "turf." This group says "our turf." Another says "we run it." Bullshit! None of us, none of the ordinary people, control any turf. We don't run shit. We don't run the schools, the pigs, or our neighborhoods. Urban renewal tears down our homes. Our families are forced to rent from some other pig charging high rents, or to buy a house which is owned by the banks. Get it straight. Nixon runs it! Daley runs it! These chumps, and all their little sucks run it for the businessmen.

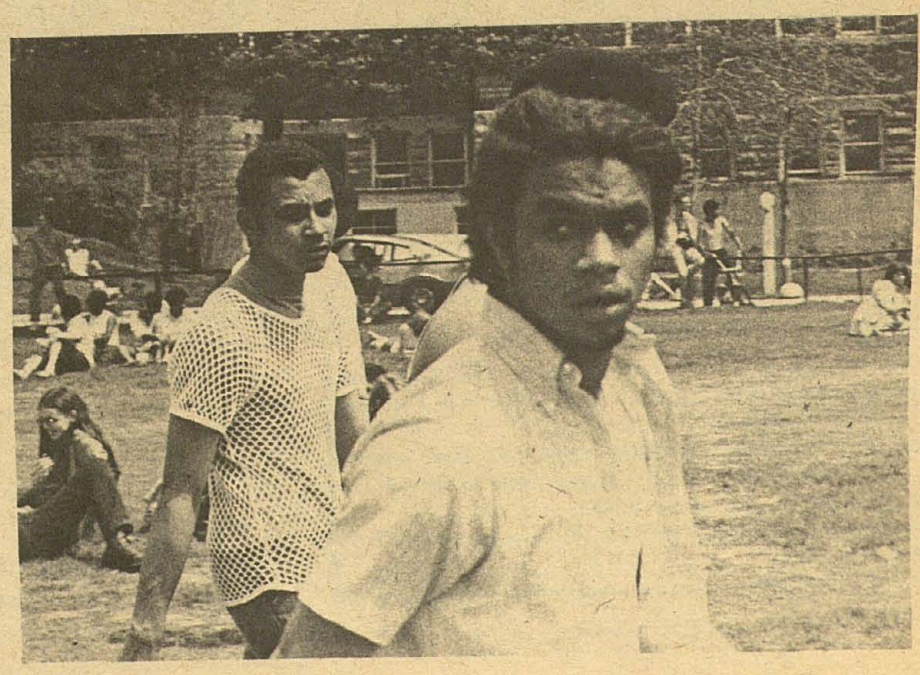
The brothers and sisters from different groups are so messed over, and so blind that they fight to see whos going to have their name written on the wall of some building owned by a bank downtown. We can't stay in our own hangout, our own park or playlot, so we drive around fucking with people in another neighborhood that's having the same hassles.

We fight each other when in fact, we face the same conditions, the same problems, and have the same hopes and desires. Every group that's into fighting is getting run out of their own neighborhood by urban renewal, or the pig; every group has brothers and sisters going to jive schools, working jive jobs, who can't afford decent medical care, get robbed at the supermarkets, and on and on.

ALL PEOPLES'

Rising Up Angry says to the brothers and sisters who fight one another, not for the real meat of life, but for the leftovers, that the fights must be cooled out and stopped. We say cool them out in order to get the people together so we can fight the real enemy, the superdupers who run Chicago, America, and the world and keep us from being free.

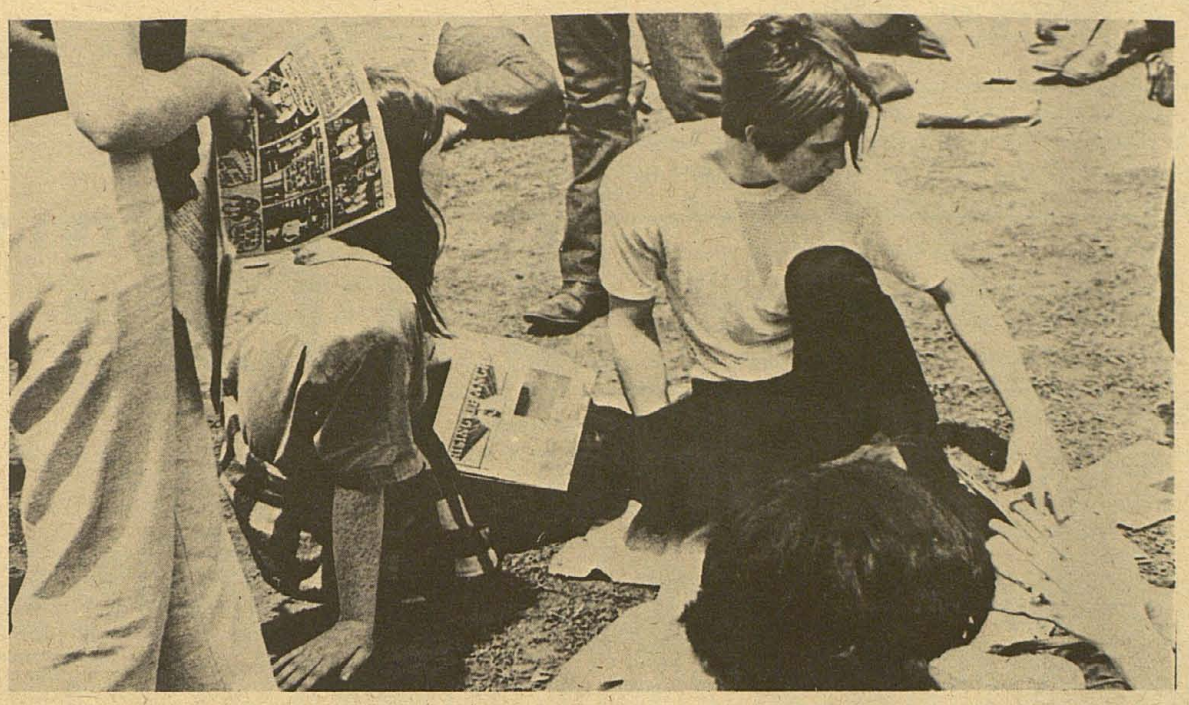
But when we say this we understand that its hard to get together in the abstract. Its hard to get the people together unless each group has a vision of what we the people, together, want. So we need a vision of the future; we need something to believe in and really fight for. If we can get at that vision, if we know what we want from life, we will know who the real enemy is; we will know who is stopping us and start to figure out how to stop them. So there are two parts to the whole:

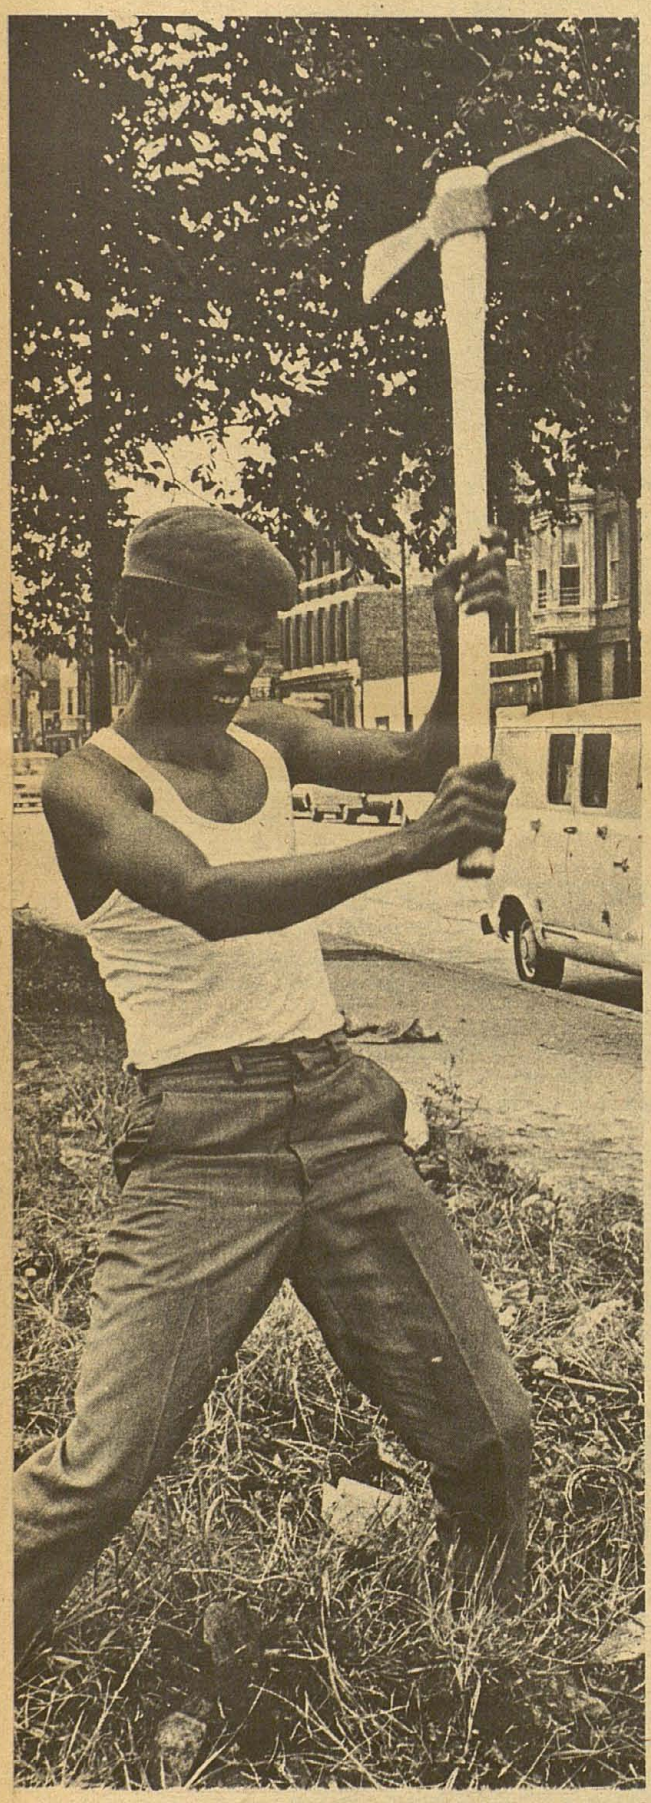


So we suggest a principle, a concept, a vision- something to fight for. Fight for ALL PEOPLE'S TURF. ALL PEOPLE'S TURF means two things. First it means that all the turf, whether its called public or private, belongs rightfully to all the people. The public doesn't control the parks, schools or playlots. We get run out of them or through them. And all those factories and businesses (we're not talking about a family's or individual's personal posessions) belong to the people, because the people do the work. ALL PEOPLE'S TURF means that turf, public or private, belongs to the people and the people must take it back. Its All the people's turf.

The second meaning of ALL PEOPLE'S TURF is that all of the people, no matter what color or ethnic background, can walk freely in this city, country, or on this mother earth.

To make All the turf belong to All the people means building a revolutionary spirit that permeates all our lives, our total environment. It means getting over "us" and "them" when we're talking about ordinary people. We're all "us" and the pigs, of all varieties, are "them."





We start now, brothers and sisters, to make it happen, to make all turf controlled by the people, all the people and for all the people. And we start with the liberation of our turf. The liberation of our turf means these things and many more: fight jive teachers and administrators- strikes, walk outs, sit ins- the schools will be ours; no more high prices at movies, rock concerts, car shows, drag strips- we'll storm the gates until the admission is fair, until the time comes when we make sure people don't have to pay to get together. Liberate the playlots, parks, corners and beaches. No more being run out by the pigs at their will, no more being run out and being forced to hassle other people in other neighborhoods who faced the same things. From now on there will be music and dancing in all of our hangouts and we will invite others to come. No more getting cheated by resturants. Spread the word and boycott them, mess them up until they charge decent prices and pay the workers decent wages. From now on all the businesses must be made to serve the people at a fair rate instead of robbing the people.

ALL PEOPLES TURF means the people will liberate neighborhoods, that the people will run the neighhoods. We will fight all the pigs, politicians, precinct captains, traitors, informers and wimps who work to keep the people down and controlled for the profit of a few. If these chumps drive through our neighborhoods or reside in them, they better get out. If they mess us over, whether in our neighborhood or an other, we'll get even.

TURF

Now a certain group, black, white or latin, may control a certain neighborhood. As long as they are moving to do so in a people-type fashion, in a revolutionary way, they will not be uptight about someone from another group, another branch of the peoples army coming into the neighborhood, whether to visit, work with people there or just walk through.

We have fought one another because the big pigs and their little pigs have bent us out of shape. The people have nothing much; we run nothing. Running the writing on a wall, or on the back of a bus, ain't running shit. We must come together and we can if we know where we're going and start to do it.

Now is the time: seize the moment, seize the time, liberate the parks, playlots, beaches, hangouts, the schools, businesses and streets. STEAL FROM THE RICH; hate them and wreck them. Give to the people, love the people, WORK FOR THE PEOPLE. No more wishing about someday, no more woofing about where we're at today. All we have is each other and a world to take and make. Fighting each other for the leftovers of the rich man's turf means misery, back stabbing, getting high on his shit and destroying ourselves, going down slow, living and dying for nothing.

FIGHTING THE REAL ENEMY FOR ALL PEOPLE'S TURF MEANS GETTING HIGH ON THE PEOPLE; IT LEADS TO FREEDOM, RESPECT, MANHOOD AND WOMANHOOD. WE FIGHT FOR ALL PEOPLE! LIBERATE TURF! DO IT!

The biggest bummer I can think of would be to kill a friend, someone you love. We've been rapping about guns in Rising Up Angry and an important part of the rap has to be about safety.

SAFETY!

With regard to safety, there are two cardinal rules:

1. Never point any type of gun at anyone (including yourself) unnecessarily.

2. Develop the instinctive habit of checking to see whether a gun is loaded WHENEVER YOU PICK IT UP.

ALMOST ALL GUN ACCIDENTS OCCUR WHEN SOMEONE POINTS A LOADED GUN AT SOMEONE ELSE, USUALLY WHEN THE GUN IS ASSUMED TO BE UNLOADED!

If you keep a loaded gun, make sure it is inaccessible to small children and casual visitors who might "play" with it. It is sometimes necessary to keep a gun loaded with a cartridge in the chamber, but it should not be kept with the firing pin cocked. Because if it dropped with the pin cocked, there is a good chance it will go off. In general, you should keep the gun in as "unloaded" a state as possible.

How to Check if a Gun is Loaded:

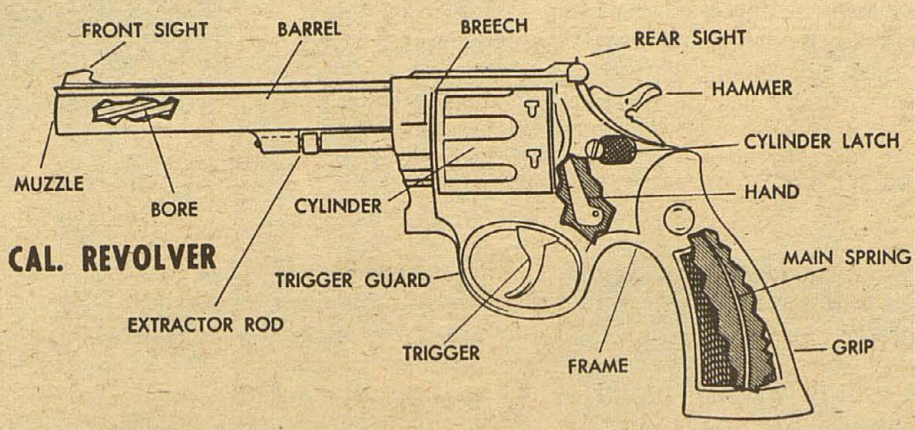
Rifle: Open the bolt (remove the magazine first if it is removable.) This will eject a cartridge if there is one in the chamber. You should also VIS UALLY check the chamber to make sure it is empty. Occasionally a worn extractor might leave the cartridge in the chamber.

Revolver: Press the cylinder release, swing out the cylinder, eject cases if gun is loaded by pushing back on the ejector.

Automatic Pistol: First step is always to remove the magazine. Then pull the slide back. If there is a cartridge in the chamber it will be ejected, although as in the case of the rifle, you should visually check the chamber to make sure it is empty.

Shotgun: Check magazine first, empty it by pressing magazine release catch, taking shells out one at a time, then pull forearm back. If there is a cartridge in the chamber it will be ejected. but again, check visually.

REVOLVER TERMS



.38 CAL. REVOLVER

SAFETIES:

With the exception of revolvers, which are inherently safe, all guns have some sort of safety device which is designed to keep the gun from firing when the device is on "safe". On shotguns the safety is either a button in front of the trigger guard or a sliding tang on top of the receiver, In one position, it is ready to fire, in the other it cannot be fired.

Rifles have some form of lever or button safety, usually on the rear end of the bolt or on the right side above the trigger guard.

RISING UP ANGRY

BUST INFO

CUT IT OUT!

The police do not serve and protect the people. Instead, they serve and protect businessmen and politicians, the rich. Recognizing the fact that our people are not businessmen or politicians, and sure as hell aren't rich, we expect that many of our people will have unrequested dealings with the cops. In case of such unasked-for dealings with the cops, here are some things to keep in mind. They are important; remember them and tell your friends and families. Cut this out and hang it where brothers and sisters will see it. Pass it around.

1. If you are stopped and/or arrested by the police, you may remain silent; you do not have to answer any questions about alleged crimes. You should provide your name and address only if requested (although it is not absolutely clear that you must do so). It is not a bad idea to give an address of some so-called "respectable person" who will cover for you, instead of your own address, if you can arrange this. Don't say anything that can be used against you. At all times remember the Fifth Amendment to the US Constitution, which says you don't have to answer on the grounds that it might incriminate you.

Remember not to be overly assertive about your legal rights, because it might lead to more trouble because of most cops' disrespect for the law. In other words, the cops have authority even if they are wrong and you are right; so BE COOL!

2. If a police officer is not in uniform, ask him to show his identification. He has no authority over you unless he properly identifies himself. Always get his badge number and his name. Unless you and the people you're with have the situation pretty well in hand, don't come on to a cop, because it only invites trouble. Save your energy for a better time.

3. Police have no right to search your car or your home unless they have a search warrant or probable cause. Probable cause means that they have reasonable grounds to believe a crime has been committed or is about to be committed; they may conduct no exploratory search; that is, one for evidence of a crime generally or for evidence of a crime unconnected with the one you are being questioned about. (Thus, a stop for an auto violation does not give them the right to make a search unless there is suspicious activity in the car.) Remember once again—do not be overly assertive about your rights. It could cause trouble for you, because even if you are within your rights, that does not mean that a police officer will respect them. So BE COOL. Technically you are not required to consent to a search, and therefore you should state clearly that you do not consent, in front of witnesses if possible. If you do not consent, the police will have the burden in court of showing probable cause. Arrest may be corrected later, But remember: the law is one thing, and what the cops do is another. Keep in mind the particular situation.

4. No matter what the situation, no matter how right you are and how wrong the cop is, it is against the law to resist arrest. To resist arrest forcibly or by going limp, even if you are innocent, is against the law. It is a separate crime of which you can be convicted even if you are acquitted on the original charge. Do not resist arrest under any circumstances.

5. If you are stopped the police may search you by patting you on the outside of your clothing. If they arrest you they can strip-search you. Technically they're not allowed to do this till they get you to the station, but how this holds up in court is unclear. If arrested you can be stripped of your personal possessions. Technically the police are not allowed to strip-search you, then arrest you, unless they have grounds. For security reasons, do not carry anything that includes the name of your employer or friends. It may be used against you or your friends later. Be cool!

6. Do not engage in "friendly conversation" with officers on the way to or at the station. Once you are arrested there is little likelihood that anything you say will get you released. When you're captured by the enemy the object is to get away. So be polite, try and get out, but once captured, don't run your mouth.

7. As soon as you have been booked you have the right to use the phone until you have completed a reasonable number of phone calls. This does not mean this right will always be granted, but it is your right. One problem might be getting money or change for the pay phone. (They usually won't give it to you.) What you want out of a call is a lawyer and money for bail. So if you aren't sure you can get hold of a lawyer, call someone you know who can make a lot of calls, telling him where you are (what district), what happened, and what you need.

8. You are allowed to hire and see a lawyer immediately. Your lawyer is allowed to be present for questioning. You had better not answer any questions until your lawyer is present. You are also allowed to have a lawyer present if you are forced to appear in a lineup.

9. You do not have to give any statement to the police, nor do you have to sign any statement you might give them. Therefore you should not sign anything except your bail bond, and that only when you are bailed out. Take the Fifth and Fourteenth Amendments, because you can't be forced to testify against yourself. In other words, make no statements. You can't help yourself by talking; you can only hurt yourself. So don't!

10. You must be allowed to post bail in most cases. Bail must be fixed in all non-capital cases (those which don't carry the possibility of the death penalty). It is a good idea to be in touch with your attorney before bail is set, because very often a lawyer can influence the decision as to what bail will be set. If you're arrested at night it is usually good to wait until the next morning, when you have a chance of certain judges (better ones) setting bail. Remember, once bail is set and then paid. it is never reduced.

11. The police must bring you to court or release you within a "reasonable" time after your arrest. In Illinois, a "reasonable" time has been as much as four days, and there are still people "lost" in jails.

12. If you don't have a lawyer or don't have money to get one, ask the police to get you one without charge. You will have to qualify (prove you don't have money) to get a public defender (prison deliverer). If you qualify, you can request and get a lawyer who is not a public defender. Say you want someone from the Bar Association. Or call the Chicago Legal Defense Committee,

"Being in Cuba is like being high 24 hours a day, 7 days a week." That's what a member of the first Venceremos Brigade wrote in a letter home. He was high off the people of Cuba, who in 11 years have changed their country from a starving colony of U.S. business interests into a land of almost 8 million people working together with incredible spirit and energy to build a new society.

But seeing is believing, and that's why we hope you can join the Brigade and see Cuba for yourself. Because the first two trips were so successful, a third Brigade is now being organized for 500 students and young people who will pick citrus fruit on the Isle of Youth for four weeks and tour Cuba for two weeks. Venceremos Brigade III will be in Cuba from August 1 thru September 15. If you're interested in joining the next Brigade or rapping more about it, mail the form at the bottom to: Brigade, 416 West 63rd Street, Chicago. (Contributions and requests for speakers can be sent to this same address.)
